Subject: **Work From College transformational program of Internshala**

To: <[info@smcet.edu.in](mailto:info@smcet.edu.in)>

Dear Sir/Ma'am,

Greetings from Internshala.

I am excited to inform you that we are now hiring students for our 70-day transformational program - Internshala Student Partner (ISP 14).

ISP 14 is a work-from-college program where we select students from every college of India and teach them essential skills like Public Speaking, Networking, Time Management & Customer Service in just 70 days. The purpose of the ISP program is to help every student of your college get hired for an internship which will improve your overall internship-placement scenario.

#### **How will ISP 14 work?**

Selected students will raise awareness about internships and online trainings in ST.MICHAEL COLLEGE OF ENGINEERING & TECHNOLOGY by taking part in various activities planned by us. For each activity, performance-based financial incentives will be given to ISPs (a total of 25 lakhs over 70-days) and a prestigious letter of appreciation will be provided at the end of the program.

#### **How can students apply?**

- Students need to click here - [internshala.com/i/ISP19002](http://internshala.com/i/ISP19002) to fill their details and submit the application form (*it is completely free of cost!*)

Every student of your college is eligible to become an ISP, therefore, I request you to share this email with all your students and have this **notice** put up on your noticeboard. **The last date to apply is 18th May 2019.**

In the case of any queries, please feel free to contact my colleague Arun at +91 98997 88308.

Many thanks,  
Aayushi Sharma
